

Why work with Coastal Design Landscaping?

- **Commitment to Quality** – We believe that good work speaks for itself and we won't cut corners
- **Commitment to our Staff** – We offer some great training opportunities because we recognize that professional and personal growth is important.
- **Commitment to Work/Life Balance** – Our team puts in a full work week and we recognize that everyone needs down time. We are closed every Sunday, all Statutory Holidays and work minimal Saturdays.

Site Supervisor \$28.00 to \$32.00

The suitable applicant will have 3-5 years of experience in the landscaping industry, and have experience in all areas of hard and soft landscapes. That experience should include operation of all construction equipment. We are looking for a detailed oriented individual who is able to follow instructions and take on the leadership role of a project and its crew.

Primary Responsibilities & Requirements:

1. Manage the execution of construction projects and planning day to day labor requirements.
 - Co-ordinate and delegate tasks to appropriate crew members to assist in the completion of landscape constructions.
2. Supervising a crew, mentoring and training crew members on proper techniques
3. Ability to aid in presenting solutions to challenges that are faced throughout the job
4. Hands on / working foreman who can read blue prints and execute site layout as well as setting grades at the start of each project.
5. Ability to provide training, motivation, coaching, and encouragement to the team.
6. Ensure that all crew members comply with company policies and regulations. Ensure that all work activities are carried out in a safe and efficient manner. Maintain and enforce standards of cleanliness and organization on job site as well as assigned trucks, equipment, shop and yard areas.

Site Supervisor

***** Past experience with leading teams to reach company goals will be considered as a valuable asset *****

Expectations:
